Re: Star Roadmap and beyond. [Vision/Action Checkup on Global Warming] **October 12, 2022**

Below items, 1 to 17, are not only the items of the Star Agenda scope but also the major components neatly aligned on the infinite Star Roadmap. Later during the processes some of them will attract to each other to form **the super magic formula for the +MODE** that will then convert to a home sweet home (the world as our home, too), and some of them will form the **Renaissance 4.0**.

Before this unique attraction though, you will need to simply read/review each item and think+write what they make you think, or what thoughts, actions, observations, solutions, knowledge, ideas, dreams, plans, etc, you presently have in connection with each, and/or you'd like to have, and/or you'd like to observe. See what kind of content, work, including an art work, you'd be creating around each item; Sure you already created some, actually created a lot, so simply try to match them all to the respective heading, for a start, to prepare for a thorough vision checkup.

You can also try to guess which items are the building blocks of the Super Magic Formula for Super Entrepreneurship. Super Magic Formula is another name for the E+MODEL that helps upgrade to +MODE and it is the heart of the Star Roadmap. And it will become the heart of our lives, too. You'll see.

1. **Super Magic Formula for Super Entrepreneurship to upgrade to +MODE**
2. **Renaissance 4.0**
3. **YNI, Your New Ism**
4. **Positive Vocabulary Workshop**
5. **GrandPa Workshop**
6. **World Citizenship Workshop**
7. **Social Entrepreneurship**
8. **Professional Entrepreneurship**
9. **Common Future Workshop**
10. **SOAP Opera {Student Organization Action Program}**
11. **GIFT You're GIFTed, realize and utilize. Global Initiative For** _____
    (Fill in the blank as you wish; write your main cause(s) for example.)
12. **biz2gether**
13. **Political Entrepreneurship**
14. **D^{D} (*TBA*)**
15. **CAS (*TBA*)**
16. **C A&R M (*TBA*)**
17. **Philosophical Entrepreneurship**

- Just to give you some idea, you can also write down what changes, in connection with each agenda item, you wish to see in the community, in the World. As Gandhi said, **"Be the change you wish to see in the World."** If you can't see an appropriate heading to write under for what you have in mind simply create one as you see fit and write there.
- **You can pick a topic, or a keyword, like 'Global Warming', and connect it to each item of the Star Agenda by determining their relations. Try to see how Global Warming may be interacting with each item, and/or how it would interact in the future.**
- Better use one of your notebooks solely for this STAR AGENDA and take your notes there. You will later connect your notes to each other, like connecting the dots.
- It is critical to review/enrich yOUR agenda/vision/action in a sustainable and continuous format, and that's indeed what the Star Agenda wants first of all. So feel free to write your name in the allocated space at the top, along with minimum two other friends, potential vision/action partners that's to say, with whom you'll make a team to work on this agenda together.

Thank you for your interest in the Star Roadmap Agenda which aims at helping with a Vision Checkup session at minimum, and becoming aware of new horizons during the process.

All this is to serve as a rehabilitation program, too, in whatever field you think such a process seems to be necessary. Simply try to gain new perspectives and activate new approaches during the process and as a result of the process.

Destination summit! New horizons ahead!
